GO ROGUE
WITH RULE-DEFYING PERFORMANCE.

THE DAYS OF ENTRY-LEVEL
MEDIOCRITY ARE OVER. WITH
UNCONVENTIONAL FEATURES,
UNPRECEDENTED PERFORMANCE,
AND AN ALL-NEW INDUSTRIAL DESIGN,
ROGUE USHERS IN A NEW ERA OF
WELDING CAPABILITY THAT WILL
FORCE YOU TO RETHINK EVERYTHING
YOU EXPECT FROM A PORTABLE
MACHINE AT THIS PRICE POINT.
ARE YOU READY TO GO ROGUE?

BREAK AWAY FROM CONVENTION WITH THE RULE-DEFYING ROGUE.

ENTRY-LEVEL PERFORMANCE.

Rogue's next-level technology gives you precise, professional and consistent control for a smooth, stable performance every time. The ES models offer low spatter levels across all types of MMA electrodes and weld positions, and feature adjustable hot start and arc force to help you increase penetration and prevent electrodes from sticking. ET models feature high-frequency TIG start and advanced TIG controls, including gas pre-flow, start current, end current and gas post-flow. Never before has an entry-level welder been packed with such high-quality performance.

BASIC POWER.

Throw away your preconceptions about welders in this class – Rogue's power stacks up against machines twice its price. Power Factor Control (PFC) technology allows for a highly efficient and steady arc that is resistant to power fluctuations. Rogue runs on 115 V or 230 V with flexible automatic input voltage compensation, making it ideal for both main and generator power. With up to 25% duty cycle at 200 A, Rogue has the strength to crush jobs on thicker materials.

UNDERWHELMING STRENGTH.

No other machine at this price point comes close to matching Rogue's strength. Its robust and rigid fiberglass-molded housing is built to withstand impact after impact, in the shop or in the field. Like every ESAB machine, Rogue comes with our industry-leading three year warranty for unbeatable peace of mind. Goodbye, cheaply constructed welders.

LIMITED PORTABILITY.

Rogue's compact and lightweight design makes it easy to carry from job to job. It weighs in at just 18.2 lbs or 21.2 lbs depending on the model, and its sturdy handle and included shoulder strap make it more comfortable than ever before to go wherever you need to.

POOR USABILITY.

Rogue has been tested in laboratories around the world to ensure it rises to global performance and usability standards. Its easy-to-use interface contains a large digital display that can be easily read from up to 80 ft away. The optional remote control allows you to adjust current settings without needing to go back to the machine. With the ET model, you can easily control the machine from the TIG torch, foot pedal or hand controller.

IT IS TIME TO JOIN THE ROGUE REVOLUTION.

Unlike other machines in this class, Rogue comes with a range of **premium accessories**, giving you everything you need to start welding right out of the box.

SPECIFICATIONS

Product	ES 130i PRO	ES 180i PRO	ET 200iP PRO

ES, ET	WS200E13	Electrode Holder 200 A and Lead Assembly, 4 m (13 ft), 50 mm
ES, ET	WS200G10	Tweco Ground Clamp w/Lead, 3 m (10 ft), 50 mm Dinse
ET	0781-9411	GF250-50-580
ET	0700025557	TIG Torch SR-B 26 with Flexible Neck and Potentiometer 4 m (13 ft)
ET	700025591	TIG Torch SR-B 26 with Flexible Neck and Potentiometer 8 m (26 ft)

Rogue ES package includes: power source with 3 m (10 ft) mains cable and plug, shoulder strap, Electrode holder 3 m (10 ft), return cable with clamp 3 m (10 ft), power adaptor 115 V/230 V.

Rogue ET package includes: power source with 3 m (10 ft) mains cable and plug, shoulder strap, TIG torch SR-B 26 type with flexible neck and potentiometer 4 m (13 ft), a set of wear parts including tungsten electrode, SMAW electrode holder 3m (10 ft), work lead with clamp 3m (10 ft) gas regulator, power adapter 115 V/230 V.

Defy convention. Go rogue. Visit esab.com/rogue to find a distributor near you.

UNRIVALLED SERVICE AND SUPPORT.

Rogue, like every ESAB machine, is backed by our commitment to superior customer service and support. Our skilled customer service department is prepared to quickly answer any questions, address problems, and help with maintenance and upgrading of machines.

For more information on Rogue, visit esab.com/rogue.

3-YEAR WARRANTY.

ESAB's industry-leading service and support means that if customers do need help, they will be protected by the most comprehensive warranty in the business.

THE MACHINES AND METALS YOU NEED.

When choosing a top-performing welding machine, you should also choose top-performing ESAB filler metals to maximise your investment. Learn more by visiting esab.com/fillermetals.

100% SATISFACTION GUARANTEE.

If there's anything you're not completely satisfied with in your first 100 days with your new Rogue, ESAB will make it right, even if it means giving you your money back.

It's all part of our Iron Clad Pledge to our customers.
